

PSC **PRODUCERS SUPPLY CO.**

OUR PEOPLE MAKE THE DIFFERENCE

At PSC, our people make the difference. We realize you have choices when it comes to oilfield supply, but we possess the experience, knowledge and dedication needed to be successful in the oil and gas industry.

We have the youth as well as experience with the desire to be there when you need us. We have on stock inventory located in central Appalachia with the ability to service your requirements. We begin serving customers at 6:30am and will not stop until the job is finished.

Producers Supply has ensured that an employee answers the phone 24 hours a day, 7 days a week, 365 days a year. This dedication and mentality is driven by the opportunities that might lie on the other end of the phone. We know customer service is what can separate one company from the rest.

We invite you to contact us today and learn about the **PSC difference**.
